Secure, Dependable, Affordable

SurferQuest™ Suite of Hospitality Products, Designed with you in mind

SurferQuest™ offers a full line of hospitality products designed to showcase your property and provide your guests with secure, dependable, guest facing technology that delivers the seamless, pleasant experience your guests have come to expect.

Business Center Solutions

QRconneX™

Introducing the QRconneX Digital Hotel Directory. QRconneX does not require an app download and is designed to showcase your property's amenities via QR Code. Save money, go green, and reduce your printing costs with QRconneX.

SurferQuest™ Mobile Printing

SurferQuest Mobile Printing is a simple, secure solution for guests who are frequently on the go. By using personal devices such as laptops, tablets, and phones, your guests can submit and manage printing of their documents without involving your front desk staff. SurferQuest Mobile Printing saves you money by enabling your existing business center hardware to double as a print release station!

SurferQuest™ Advantage

Utilizing the SurferQuest Refresh process, guest information is wiped out after every session leaving a clean system that is ready for the next guest to use. Dependable. Dynamic. Secure. Locations around the world rely on SurferQuest Advantage to power and protect their guest computers against potential cyber threats.

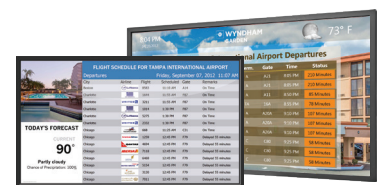

SurferQuest™ Charge

Concerned about the cost of supplying a fully managed business center for your guests? Introducing SurferQuest Charge. SurferQuest Charge feature enables administrators to charge for use, thereby creating a considerable revenue flow for your property.

SurferQuest™ Social Center®

Meet the SurferQuest Social Center. Available on Windows tablet or iPad, the Social Center offers the security and convenience of SurferQuest to hotels where space is at a premium. Enable your guests to securely browse the web, answer emails, and explore hotel and area amenities with the SurferQuest Social Center.

Travel Board

Managing travel can be quite challenging. Weather related issues along with flight delays inconvenience your guests and often contribute to missed revenue. Flight Time TV provides an easy way for guests to confirm their travel plans or extend their stays when the need arises. Keep your guests informed and aware with Flight Time TV broadcasted in-room, in the lobby and social areas, or integrated into your existing digital signage.

SurferQuest™ Pay Per Print

Does your hotel have a designated space for guests to print documents? Are you in need of an additional revenue stream? SurferQuest Pay per Print allows your guests to print their items at a predetermined rate, allowing your front desk team to focus on creating positive guest experiences. Turn your business center into a profit earning enterprise with SurferQuest Pay per Print.

Print My Boarding Pass

Help your guests' access important travel documents quickly and securely with Print My Boarding Pass. Our solution is simple to use and allows for quick confirmation and printing of boarding passes. Print My Boarding Pass is available for stand-alone tablets and PCs and as a perfect add-on that complements the SurferQuest Business Center solution.

SurferQuest™ Engage

Looking for a solution to create a positive, memorable experience for your guests while fostering brand awareness and loyalty? SurferQuest Engage has you covered. SurferQuest Engage allows your guests to rate their interactions with staff, comment on amenities and recognize excellent service while they are still on your property. Create property buzz and encourage credit card and guest rewards sign-ups with SurferQuest Engage.

SurferQuest™ Guardian

Trust SurferQuest Guardian to protect vulnerable system files and allow staff and guests alike access to a secured web browser. You can choose to provide full web access or lock the system down to a solitary site. Guardian can be used by HR to give your staff access employment records, payroll information, and process time off requests while blocking unauthorized web browsing. Enjoy the security and simplicity of SurferQuest Guardian.

SurferQuest™ Digital Signage

Create dynamic information displays and messaging with SurferQuest Digital Signage. Our solution uses the latest technology to create advertising for local events, restaurants and nightlife, based on user generated interactions. Bring attention to local experiences so your guests will have a more memorable stay, all by using SurferQuest Digital Signage.

SurferQuest™ Link

Today's technologically savvy guests expect hotels to furnish information that is timely, accurate and easy to view. SurferQuest Link, a fully interactive digital concierge, meets those expectations by providing flight status updates, access to dining and entertainment options, as well as using our full service wayfinding system to offer turn by turn navigation. Keep your guests connected to their surroundings with SurferQuest Link.
